Head Girl 2019

In Year 11 I had the choice to return to GGHS and looking back now, I do not regret my decision one bit. Gisborne Girls' High School is a diverse community with an indepth, richness of culture. There is strong school spirit and there are many talented, clever and courageous girls that contribute to it. Our size does not restrict us and we thrive regionally, nationally and even internationally from arts to sport to academics. There are so many opportunities available and the girls learn how important it is to reach out and grab these.

GGHS students are encouraged by teachers and fellow peers to be the best they can be and our hinetu profile aims to create young women who can stride into their futures with the confidence and strength to reach their potential.

At GGHS you will be encouraged to make the most of new experiences, connect with others, embrace various cultures and will go into the world not only having academic knowledge, but having social and emotional skills which can be invaluable to your future.

For those who are looking, I encourage you to come and be involved in our school and its spirit, culture, community and opportunities. It will not be a choice that you will regret. I can certainly say that I don't.
